By Athletes, For Athletes

ABOUT ATHLETES INVEST

We are the first pre-professional finance education and investment fund run entirely by current intercollegiate student-athletes. At Georgetown and comprised of members across ten unique D1 intercollegiate sports, we bridge the gap to the professional world. Founded in Sep. 2023, Athletes Invest creates a pipeline of disciplined and talented athletes prepared to excel in financial services.

THE WHY

As student-athletes, our athletic commitments are full-time jobs. We balance rigorous academics and high-level athletic competition, developing time-management, discipline, and other intangible skills that translate to the workplace. However, our demanding schedules often preclude us from career opportunities in finance. Athletes Invest was founded to solve this. We recognize student-athletes' unique challenges, tailoring our offerings to complement, not hinder, athletes' committed schedules and ambitious career goals.
